

# Three Easy Steps to Connecting to God through Scripture

## STEP

# 1

### Buy a bible or download a bible app

The first step is to either buy a printed bible or download a bible app on your phone. People often ask, “What is the best translation?” The answer: the one you will read. The New American or RSV can be good places to start if you are not sure.

Check out Ave Maria press if you would like to buy a bible. To download an app, just type bible in the app store and you will find plenty of options. Even if you choose to buy a physical bible, you can download a version on your phone for free.

# 2

### Choose a plan

Choose a reading plan for yourself that makes sense. Reading the bible cover to cover is a good plan for someone has been reading bible for a while but tough for a beginner. They give up somewhere around Leviticus. Here are a couple thoughts on a bible reading plan.

- Read through your favorite book of the Bible
- Read through the New Testament
- Read the Mass readings of the day

## STEP

# 3

### Commit to a daily time

Choose a time of day when you will work your plan. Choose 10 to 15 minutes. In that time, read Scripture until a verse or a word resonates with you. Reflect on why it spoke to you. Apply it to your life even if it is as simple as praying for the grace to hold the truth in your heart through the day.
