

## WE ARE LIGHT WEEK ONE

### DISCUSSION QUESTIONS

1. Father White's message portrays the Church as a force for good in the world. How does this perspective challenge or expand your understanding of the Church's purpose in society?
2. Reflect on the concept of waiting for the Holy Spirit before going out to be witnesses, as mentioned in Acts of the Apostles. How does this idea resonate with your own experiences of spiritual empowerment or guidance?
3. The message discusses the importance of moving beyond relief work towards transformational and developmental efforts. Can you think of a situation in your own life where you've seen the difference between providing temporary relief and fostering long-term change?
4. Church of the Nativity partners with outside organizations, prioritizing transformation and building relationships. Who can you partner with to accomplish your goals, and how can you help our Church accomplish the goal of being light to others?
5. The passage concludes with the angel's directive to the apostles: "Why are you just standing around? Get moving." Reflect on a time when you felt called to action or prompted to step out of your comfort zone. What did you learn from that experience, and how did it shape your understanding of purpose and mission?
